Hello! This obligatory intro won't help you get to know me as a person. Looking for a designer who went back to school for illustration & motion? Then we should exchange awkward emails! I'm also proficient in branding and "making logos bigger." You're too busy to read my about page – and I respect that.

With love from Portland,
Courtney Hendricks ♥

Experience

2016 **GRAPHIC DESIGNER**
2023 **Anvil Northwest**

Staff Designer at a Southern Oregon creative agency. My role focused on branding, TV spots, print design, and large-format graphics. Throughout my time there, my work grew to include illustration, motion design, and directing larger efforts.

I conceived of and organized the Roseburg Mural Project – a collaboration with our client, Experience Roseburg, who was looking to expand tourism in the area. I sourced and managed PNW muralists, and art directed 5 murals to completion.

2014 **COMMUNICATIONS MANAGER**
2016 **Umpqua Valley Arts**

Nonprofit bringing art to underserved communities. My role was to promote cultural events, programs, and exhibitions. I designed print collateral, event identity, and wayfinding/signage. Other responsibilities included social media management, writing press releases, producing newsletters, & assisting in hanging art shows.

2012 **GRAPHIC DESIGNER**
2013 **EMU Marketing & Design**

University of Oregon design shop run by industry professionals to mentor paid student designers. My role included designing event print collateral, websites, and studio photography.
